## ARE FOR HADLEY ALONE

REPUBLICANS HAVE ABANDONED HOPE FOR THE OTHER CANDIDATES.

## EVEN MR. W. H. TAFT IS FORSAKEN

Negro Politicians Are Being Used to Get Solid Black Vote for Candidate for Governor—Judge Taft Playing Second.

Jefferson City, Mo., Oct. 22.—In the closing days of the Missouri campaign there are unmistakable signs that the republicans have abandoned everything on their national, state and congressional tickets and are bending their entire energies toward electing Attorney General Hadley to the office of governor. The probabilities are that they will trade any and everything in his interests. One seldom hears any other republican candidate mentioned but the attorney general. He is the whole show. Even Mr. Taft is playing second fiddle.

This time the republican committee is putting up the main fight in the country. The white republicans are given short service, while everything is handed to the negroes. Negro politicians like J. Milton Turner, who says he is a republican this year; Nelson Crews, of Kansas City, and a few others are holding forth throughout the state and endeavoring to corral the solid negro vote for Mr. Hadley.

Negro preachers who are willing to turn their churches into political camps, and who care more for politics than they do for religion, find their time occupied in drumming up votes for the republican nominee. Some of the negro preachers, to be sure, will not do this, but here are others who are doing so today. One of these political preachers told his audience a few nights ago that if Mr. Cowherd is elected governor all the negroes would be disfranchised. This happened very close to the state capital.

**Flimflamming the Negroes.**  
Recently, the attorney general complained bitterly because a story was in circulation to the effect that he favored mixed schools. The democratic newspapers very promptly gave him the benefit of his denial. That was according to him fair treatment.

But neither the attorney general nor any republican newspaper in the state have the fairness to state that Mr. Cowherd is not in favor of disfranchising the negroes. No, they will let this falsehood run its course. They consider it a valuable adjunct in getting out a solid negro vote for the attorney general. They know very well, too, that Mr. Cowherd has never advocated anything of the kind.

There is much secrecy about the campaign methods, the republican state committee is carrying on among the negroes. Evidently the leaders don't want the white rank and file of the party to know what they are doing. They want the solid negro vote, however, but are seeking to avoid the responsibilities such an alliance would be certain to create when the facts became public property.

The negroes in this state have been treated fairly by the democratic party. Comparatively few of them pay any taxes at all. Yet they receive a full share of public money for their schools, and Lincoln institute is maintained by the state for the higher education of the youths of the race. The institution receives more in proportion to what it accomplishes than do any of the state normals.

## Democrats Aided Negroes.

It appears very strange, in view of all the money this state has spent in educating the negro youth during the last four decades, that any considerable number of intelligent negroes could be made to believe that the election of a democratic governor would mean their disfranchisement. Missouri has a democratic governor now and has not been without one for an hour since January, 1873. And during all this time the negroes have enjoyed citizenship and received quite as much benefits from public money as the dominant race.

**Now They Are Told**  
that if a democrat is elected governor they will be deprived of their citizenship. Undoubtedly the negro orators who are sprouting this kind of rot over the state are in the pay

of the republican state committee. The assumption is that the committee has secretly endorsed the campaign arguments these negroes are making.

If the democratic state committee should send out speakers to announce through the rural districts that in the event of Attorney General Hadley being elected governor, the white and negro children would have to go to the same schools, Mr. Hadley would find himself short some 50,000 white republican votes within twenty-four hours. It would be just as fair for the democrats to circulate this mixed school story for Mr. Cowherd's benefit as it is for the republicans to employ negro speakers to circulate the story that if Mr. Cowherd is elected the negroes will be disfranchised.

## NEW TRAINS TO BE PUT ON

THE M. K. & T. IS GETTING READY TO DO AN INCREASED BUSINESS.

## TIME CARD SENT IN FOR APPROVAL

Two Fast Passenger Trains to Be Put in Commission Between St. Louis and Galveston, Texas, at an Early Date.

A new time card calling for the installing of two first-class trains and several changes in the present operation of trains has been submitted to the general management of the M. K. & T. system for approval.

The proposed card was compiled by officials of the road and from reports heard in railway circles it will likely be adopted by the Katy.

Two fast passenger and mail trains, of the flyer class, are, according to the new card, to be installed between St. Louis and Galveston.

Their running time will be similar to that of flyers Nos. 5 and 6, and they will pass through Sedalia about twelve hours after the departure of the midnight flyers.

The fast mail train, now out of Parsons, Kas., will be operated from Nevada, under the new arrangement, and a companion train to the fast mail will be operated on the return trip as far north as Nevada.

Trains Nos. 1 and 2, locals, will start from and stop at Nevada, instead of at Parsons, and local trains Nos. 3 and 4, the former due here at 8:50 a. m. and the latter at 8:05 p. m., will arrive in Sedalia earlier.

A train for Hannibal will leave this city at about 7 a. m. With the new time card in effect four additional passenger trains will be added to the Sedalia division, namely, the two new trains, the fast mail train and the fast mail's companion.

## MISS DOYLE WAS HOSTESS

Entertained Last Night in Honor of Miss Latimer.

Miss Besse Doyle, assisted by her mother, Mrs. J. H. Doyle, and Mrs. W. S. Shirk, entertained five tables at whist last evening in honor of Miss Mildred Latimer at the Doyle home on West Seventh street.

Miss Latimer won the prize, a beautiful piece of embroidery, for the highest score made by the ladies; Miss Crafton, of Jefferson City, won the guest prize, a pair of silk hose, and Harry Hawkins won the gentlemen's prize, a Japanese pocket cigar case.

Delicious refreshments of oyster patties, biscuit, punch, peas and ices were served.

Those present were: Misses Mildred Latimer, Lamm, of Fayetteville, Tenn.; Mable and Lottie Meyers, of St. Louis; Minnie Crafton, of Jefferson City; Ann Skinner, Irene Blair, Florence Floyd, Mary Estill, Mr. and Mrs. W. A. Latimer; Messrs. John W. Byng, John Gallagher, Charles Brown, E. Ross Kyser, of Kansas City; Harry Hawkins, Charles Messerly, David Thomson, Joe Waddell, John Antes and Pickin Stanley.

## Mother and Son Are Ill.

Master Allison Sprecher, son of Sheriff Sprecher, who has been quite ill with a case of tonsillitis at his parents' home, is reported much improved today.

Mrs. Sprecher, who for several days has been bedfast, was able to be up for the first time last evening.

## MUTUAL PROTECTION

G. O. P.—“Can I depend on you next November?”  
Mormonism—“You can depend on me as long as I can depend on you.”

## CAN BET AND ALSO VOTE

CANNOT DISFRANCHISE A MAN FOR MAKING A WAGER ON THE ELECTION.

## COULD ONCE, BUT LAW REPEALED

Bets in St. Louis Have Broken All Previous Records—Said That at Least \$40,000 Has Already Been Placed.

St. Louis, Oct. 22.—While you can not be disfranchised if you bet on the result of the general election on Nov. 3, you may be prosecuted and required to pay a fine of \$50, according to Secretary Ellspermann, of the board of election commissioners. Ellspermann said that the election board had found that, contrary to popular opinion, a clause of the election law disfranchising voters on account of election bets was repealed by the state legislature at the time of the enactment of the Nesbit law in 1899.

Section 2211 of the Revised Statutes, fixing a penalty for election bets, is as follows:

“Every person who shall bet or wager any money or other valuable thing on the result of any election authorized by the constitution and laws of the United States, or of this state, or on any vote to be given at such election, or who shall knowingly become stakeholder of any such bet or wager shall be punished by a fine not exceeding \$50.”

This law, however, has never been enforced, and political leaders, who are laying heavy wagers on their democratic and republican favorites, regard it as a dead letter.

At all down town clubs and cafes, betting on the national, state and St. Louis city election is general.

The amount of the wagers, too, are reported to be much larger than on any preceding election.

Taft continues to be a four-to-one favorite. A well known turf expert says that \$40,000 is at stake in St. Louis on the presidential contest.

Those who favor Bryan prefer to bet on the outcome of the Missouri election. Even money wagers are being made that Bryan carries Missouri over Taft by 30,000 plurality, while odds of two to one that Cowherd, democrat, will defeat Hadley, republican, for governor, are going begging.

This is regarded by the sporting fraternity as a sign of weakness in the republican state ticket, but the

republican leaders say that they exhausted all their betting funds ten days ago. They prefer, they say, to put their spare cash in the campaign.

At republican headquarters these bets were made by outsiders:

Twenty-five dollars even that Bryan polls 20,000 more votes than Taft in this state at the general election. Twenty-five to fifty dollars that Taft and Hadley carry the election Nov. 3.

Chris Brockmiller, who will handle probably more election bets than any other sporting expert, still regards the Stone-Folk contest as the best even money bet of the day. Brockmiller, however, is asking for the Stone end of the proposition.

## FLOODS IN OKLAHOMA

THREE DAYS OF RAIN SERIOUSLY THREATEN PORTIONS OF THE NEW STATE.

## DEATH REPORTS NOT CONFIRMED

Canadian and Arkansas Rivers Are Both Over Their Banks and Still Rising—Farmers Are Compelled to Flee.

Tulsa, Okla., Oct. 22.—Serious floods threaten portions of Central and Northern Oklahoma as the result of three days of steady rain, but none of the numerous reports of the loss of life are confirmed.

The Canadian and Arkansas rivers are over their banks and are doing much damage to farms and railroads, and threatening the small towns. The Arkansas river has risen ten feet at this point and is still rising. Farmers have been compelled to move and all the portion west of Tulsa is threatened with inundation.

## Much Damage Near Muskogee.

Muskogee, Okla., Oct. 22.—The heaviest rainfall in years began here at midnight and continued today.

Both the Arkansas and Grand rivers are rising, and the lowlands of Muskogee are flooded. In these sections the residents can not leave their homes without boats. The high water has done much damage to mature corn.

## Have Evaded Arrest So Far.

Warrants were issued by Judge Gresham yesterday for the arrest of “Slim” Laystrom and Herbert Fitzgerald, charging them with having had illicit relations with Lena Thompson, alias Lena Vogle. So far they have evaded arrest.

## HON. W. J. STONE'S TALK

HE CRITICISED REPUBLICANS IN ADDRESS AT WINDSOR LAST NIGHT.

## FOUGHT FOR DEMOCRACY 140 YEARS

Soup Houses Established in Missouri for the First Time Under Roosevelt's Administration to Feed the Hungry.

Windsor, Mo., Oct. 22.—Senator W. J. Stone spoke in the opera house at Windsor yesterday afternoon. He was introduced by County Chairman F. A. Parks.

The senator called attention to the methods of manufacturing companies in posting notices that if Bryan should be elected their shops would close down and labor be unemployed. He told the audience that these tactics were used in former campaigns.

After discussing the injunction plank in the national platform, the speaker discussed his public record and service to the party.

He did not want the support of the republicans and said that here was only one way to vote for democracy, and that was with the name of W. J. Bryan at the top with the remainder of the ticket following.

Senator Stone said that he had been in the front of all battles for democracy for the last forty years and expected to remain in the fight.

He asked if anyone present blamed Bryan for the financial panic. He said that for the first time in the history of the state of Missouri, soup houses were established recently to feed the hungry unemployed, in proof of which he produced a soup house ticket and handed it to J. P. Allen, who was sitting upon the stage, and asked that it be given to the leading republican of the town as a souvenir of republican prosperity in Missouri.

## GROW'S CHEER MR. BRYAN

The Crush Was So Great He Stopped Speaking to Save Life.

East Liverpool, Ohio, Oct. 22.—So great was the crowd at this point to greet Mr. Bryan that after making a few remarks he was compelled to suspend in order to save human life.

As it was a number of women shrieked and fainted and the crowd was swerving and a catastrophe was

only averted by Mr. Bryan's quick decision to cease talking.

**Surging Mass at Steubenville.**  
Steubenville, Ohio, Oct. 22.—A crowd so large that grave alarm was felt that someone would be injured met William J. Bryan here last night. Observing this, the democratic candidate appealed to the people to stand quietly, but the surging mass of humanity still struggled to get near to him. A man on a telegraph pole with a megaphone did his best to hold the people in check.

When a semblance of order was restored Mr. Bryan touched upon the election of senators by the people. He was interrupted by cheers.

“I hope,” said Mr. Bryan, “you will crowd about the polls on election day as you crowd about me tonight.”

## INCREASE NOT OPPOSED

SIX SUPREME COURT MEMBERS SAY WORK IS THREE YEARS BEHIND.

## JUDGE J. B. GANTT ONLY DISSENTER

Proposed Amendment to Constitution Provides for Two Additional Justices, and Also an Increase in Their Salary.

Jefferson City, Mo., Oct. 22.—Six of the seven judges of the supreme court last night issued a statement denying the rumor that they are opposing the adoption by the people to November of what is known as constitutional amendment No. 4.

This proposed amendment to the constitution of the state adds two new members to the supreme court, making that tribunal composed of nine members and fixes their annual salaries at \$5,500, just what is now paid the judges of the St. Louis court of appeals, a court of inferior jurisdiction to the supreme court. The latter now receive \$4,500 a year.

In this statement the six judges neither commend nor condemn the amendment. The state that the court is now three years behind with its work, a condition due to the growth of the state, and leave the individual voter to follow his own trend.

Chief Justice Gantt did not sign the statement. In answer to an inquiry as to why his name is not attached, he said he “could not see any use in doing so.”

## A SEDALIA BOY PROMOTED

Munson Goodyear Goes to St. Louis to Work for the Katy.

Mrs. Charles Goodyear received a letter today from her son, Munson Goodyear, third assistant ticket agent for the M. K. & T. at Muskogee, Okla., stating that he had accepted by wire the offer of W. S. St. George, general passenger and ticket agent for the M. K. & T., to become assistant ticket agent for the company at Union station, St. Louis, and would leave Muskogee Sunday to report for work on the following day. His salary will be \$85 per month.

Mr. Goodyear was promoted to the position at Muskogee about two months ago, and is considered one of the most competent and efficient ticket agents in the employ of the Katy, and every friend will learn of his deserved promotion with pleasure.

## CAMP GOING TO CLINTON

Will Attend Woodmen Unveiling at Clinton.

“Bud” McDonough was initiated and three applications were balloted on at Wednesday night's meeting of Sedalia camp No. 16, Woodmen of the World. The camp accepted the invitation of the Clinton camp to attend the unveiling ceremonies there next Sunday. Fifty members of the local camp, including the drill team in uniform, will attend the ceremonies.

## Departure of Bridal Couple.

Marvin Barnhill, a county official of Saline county, and Miss Elizabeth Piles, daughter of Mr. and Mrs. Walter S. Piles, of twenty-five miles north of Sedalia, were united in marriage at the home of the bride's parents yesterday afternoon.

The bridal couple was here today visiting friends, and left on the noon train for a honeymoon trip through the east, after which they will make their home at Marshall.

## WILL INDICT “UNKNOWN”

MR. SAGER TO SMIRCH ALL WHO FAIL TO RECEIVE HIS COMMUNICATION.

## BAD STATE OF AFFAIRS IN ST. LOUIS

Democratic Committee Charges Circuit Attorney With Partisanship by Using Office to Aid Republican Candidates.

St. Louis, Mo., Oct. 22.—Circuit Attorney A. N. Sager's methods to reduce the democratic vote on Nov. 3 was made known yesterday, when it was announced at the four courts that he would ask the grand jury to place indictments against registered voters, to whom he has addressed uncalled-for registered letters.

Armed with these indictments, it is said, Sager will then place his officers at the voting precincts Nov. 3 and have all who vote under these names arrested.

Sager claims that if notice of a registered letter is sent to the address shown opposite a voter's name in the registration books, and that voter fails to call at the post office for the letter, it is evidence that such voter is fraudulently registered. On this evidence, it is said, Sager will ask for indictments.

A copy of one of Sager's letters has been published. The letter asks the person to whom it is addressed to inform the circuit attorney whether he (Sager) has spelled the voter's name correctly and whether the voter lives at the address given. Sager has about 500 of these returned registered letters, which he will place before the grand jury.

Charges of partisanship and of using his office to further the interests of republican candidates at the November election are being made against Sager by Thomas J. Ward, chairman of the democratic city central committee.

## STONE AT OTTERTVILLE

Sopke at That Place This Morning to a Large Audience.

Senator W. J. Stone spoke at Otterville at 10 o'clock this morning to a large crowd, estimated at from six to eight hundred.

Owing to the cool morning, the meeting was held in the large lumber yard, and it was crowded. Captain Jack Stark called the meeting to order and in a few well chosen remarks introduced Senator Stone, who delivered a fine address of about forty-five minutes, or until he was admonished that his train was approaching.

He referred briefly to state and national politics, and then spoke of his own canvass for re-election to the office of United States senator. He had an enthusiastic audience, which gave him a hearty reception.

## TO SPEAK FRIDAY NIGHT

W. A. Wheeling, Former Railway Switchman, to Address Voters.

W. A. Wheeling, of St. Louis, a former railroad switchman who is said to be a splendid orator and a man thoroughly in sympathy with the working men of the country, will speak at the court house Friday night at 8 o'clock. The public generally and especially the railroad men, are cordially invited to attend the meeting and hear what he has to say.

## GUILTY OF MANSLAUGHTER

Man Who Killed Lover of Wife Must Pay Penalty.

Independence, Kas., Oct. 22.—The jury in the case of William Hill, charged with the murder of David Alexander, near Coffeyville, on August 7th last, brought in a verdict last night of guilty of manslaughter in the first degree. Hill shot Alexander while the latter was in a carriage with his wife's wife.

## Death of Joel D. Anspaugh.

Joel D. Anspaugh died of dropsy at the home of his sister, Mrs. Josephine Kidenour, 423 West Jefferson street, at 9 o'clock this morning, aged 70 years. He was a G. A. R. veteran. Funeral services will be held at the family residence at 2 o'clock tomorrow afternoon and burial will be made in Crown Hill cemetery.

**Probably Frost Tonight.**  
Partly cloudy and cooler tonight with possibly showers southeast portion; Friday fair; probably frost Friday morning.

**A RISING TARIFF.**  
One of the peculiarities of the tariff is that it has to rise all the time or it is no good. It began with 10 or 12 per cent; it has reached between 40 and 50. It began on manufactured goods because the young country with boundless natural wealth produced only raw materials. Now it covers raw materials and to that extent defeats the duties on the manufactured goods. As late as General Garfield's time protection was a lead to free trade; now it is to be a permanency.

The two great expenses of a manufacturer are raw materials and labor. If the latter is high he can economize on it by getting more of his work done by machinery or by getting a better class of labor. If raw materials are high the manufacturer cannot help himself, except that in some lines he can resort to cheap substitutes. The tariff is continually defeating itself. The duties on raw materials increase the cost of manufacture, and so the manufacturer clamors for more duty on his products. The duties on manufactured goods increase the cost of living, the laborers demand more wages, and the manufacturer insists that he needs more protection.

Protection has perpetrated three colossal frauds upon the country. To meet the expenses of the Civil war internal revenue duties were imposed upon pretty much everything. To even things up for the American manufacturer countervailing rates were added to the duties on imports. Even Senator Morrill himself said that when the internal rates were removed the countervailing custom duties should be taken off. But protection kept the war rates on imported goods after the war taxes on domestic goods were repealed.

Twelve years ago the republican party in its platform solemnly pledged itself to re-establish the reciprocity system in connection with the re-establishment of high duties. Mr. McKinley called a special session of congress to rush the Dingley bill through, but every reciprocity treaty he negotiated was defeated in the senate.

Dingley's bill specifically authorized reciprocity treaties—the simple-minded old man actually believed his party's promises—and he fixed duties high so that there would be something that even protectionists could throw off in dicker with foreign countries. But the protectionists have kept the duties framed by Dingley and refused to dicker with anybody for a reduction.

The history of protection shows that duties rise all the time. As soon as the infant industries get on their feet they become vested interests and can't be touched. The manufacturers lose much through the tariff on one side that they are continually striving to get more on the other. Here and in France and Germany

the ascendancy of the protectionists means a continually rising scale of duties.

## A CAMPAIGN OF TRUSTS.

At a recent meeting of the democratic national committee a special fund of \$5,000 was appropriated and set apart for the express purpose of punishing any person or corporation which endeavors to coerce employees to vote for Mr. Taft. Special counsel will be retained and vigorous prosecution follow.

Judge M. J. Wade, of the committee, said: "We might as well settle the question during this campaign whether under the law an employer may club his employees into voting as he directs. Threats of reduction in wages or promise of higher wages as an inducement to vote for Taft, is bribery, plain and simple."

"We are not afraid of the effect of such tactics in this election, because the American laboring man can not be bribed or scared into submission to the will of his master in a matter so sacred as the ballot, but I think it is the duty of this committee to protect the American working man from such methods. The employer has no legal right to insult his employees by such notice as the following from a prominent corporation:

The reduction of 10 per cent in wages last winter was to have been restored when business conditions would warrant it. While we are busy at present, we feel that its continuation will depend upon the result of the presidential election, and that if Mr. Taft is elected a general improvement in all lines will result. On November 28, we will, therefore, restore the old rating to all employees whose wages were reduced 10 per cent last winter, provided Mr. Taft is elected president.—S. S. Evoland, President.

"This is attempted bribery and is punishable as such. We are satisfied that such offenses will be few. Most employers of labor have some honor, and some respect for the constitution and the law. We will give due publicity to every effort to coerce labor."

The American woman who has been awarded \$1,000,000 by a decision of the French court can now choose her count of prince, unless she prefers a duke.

A man can not make a balloon ascension in Austria without the written consent of his wife. It's getting so a man can't even get off the earth on his own responsibility.

Down in Rio they figure that by 1915 there will not be any stored up surplus or visible supply of coffee in the world; but what can they tell about the chileory crop?

That couple who was married in the lion's den in one of the amusement parks must have thought marriage was all the comic papers pictured it.

# THE KAISER'S SON WEDS

PRINCE AUGUST WILHELM MARRIED HIS COUSIN, PRINCESS ADELAIDE.

## BRIDEGROOM IS 21; THE BRIDE 19

Former Chose Matrimony in Preference to Post-Graduate Course at Harvard, a Famous American College.

Berlin, Oct. 22.—Prince August Wilhelm, fourth son of the German kaiser, today took unto himself a wife.

The bride was his cousin, Princess Adelaide, of Schleswig-Holstein-Sonderburg-Glücksburg.

The bridegroom is 21 and his bride 19 years of age. The ceremony and attendant festivities were of an elaborate nature, although not so imposing as those identified with the marriage of the Crown Prince Frederick Wilhelm with Princess Cecilia, of Mecklenburg, and Prince Eitel Frederick with Princess Sophie of Oldenburg.

Today was also the 50th birthday of the empress, who received many gifts and messages of congratulation from the monarchs of Europe.

Prince August Wilhelm attained his majority on January 26 last. His royal father then presented to him the alternative of marriage or a post-graduate course at Harvard university.

The prince, enamored by his pretty cousin, chose matrimony rather than a course of study at the famous American university.

While the wedding was arranged by the kaiser, the young couple are apparently willing victims of royal etiquette and appear to be very much in love with each other.

## WINS SHARE OF ESTATE

MRS. LIZZIE VANTINE PROVES SHE IS THE DAUGHTER OF "BLACKFOOT KING."

## WOMAN NEVER SAW HER FATHER

Child Was Born After the Father Had Driven Wife From Home in Boone County, Mo.—Gets Sixth of Fortune.

Columbia, Mo., Oct. 22.—Mrs. Lizzie Vantine established her identity as a daughter of John Butler, "king of Blackfoot," and her right to one-sixth of his \$150,000 estate, under a decision of Judge Nicholas M. Bradley in the circuit court yesterday.

John Butler had a quarrel with his first wife, Jane Butler, in the year 1858, and drove her from home. She was found in a hazel thicket a few weeks later and was carried to Sturgeon, Boone county, Mo., where she gave birth to a girl baby. The child was named Elizabeth Caledonia. She and her child went to Mexico, Mo.

The child was finally taken to Paris, Mo., and placed in the care of a man named Wyman. A year later she was taken by Mr. and Mrs. E. T. Wetmore. Mrs. Butler came to see the child on two different occasions, but left in 1866, and was never heard of again, except her husband told neighbors she was dead.

The Butler child was reared by the Wetmores and never knew her real name or parentage. She married and moved to Illinois, where she lives, fifty-four miles from Chicago. The witnesses in the case were all born before the civil war.

John Butler, after the separation, accumulated thousands of acres of land in the most fertile part of Boone county, called "blackfoot," and he was nicknamed "king" on account of his vast influence. He was married four times. His widow and five other children survive, three of whom were by his first wife. He never saw Elizabeth.

"My three year old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life."

## MISS MULHALL MARRIED

THE DAUGHTER OF OKLAHOMA  
STOCKMAN SECRETLY WED-  
DED A YEAR AGO.

THE HUSBAND IS IN VAUDEVILLE

Romance Had Beginning in St. Louis,  
Where She Is Well Known, After  
the Close of the World's  
Fair, Three Years Ago.

Topeka, Kas., Oct. 22.—Miss Lucile Mulhall, daughter of Col. Zack Mulhall, an Oklahoma stockman, and Martin Vanbergen, a vaudeville singer of Kansas City, were married September 14, 1907, in Brooklyn, N. Y. The wedding was kept secret until yesterday, when Miss Mulhall came to Topeka to join her husband. He is playing in a vaudeville sketch here, and will leave Saturday for a tour of the Orpheum circuit.

The romance, which resulted in the wedding a year ago in Brooklyn, began in St. Louis three years ago. Mr. Vanbergen was singing with the Rosenhorn Symphony orchestra at the Alps in St. Louis, the year after the close of the world's fair. Miss Mulhall was visiting in St. Louis at the time, and met Mr. Vanbergen.

Shortly after this Zack Mulhall, father of the young woman, decided to supply the demands of his daughter in vaudeville, and made up an act of Miss Mulhall, Mr. Vanbergen and Miss Mulhall's brother. They toured the east for a year, closing the season at the Alhambra theater in Brooklyn.

On the Saturday the season closed Miss Mulhall and Mr. Vanbergen went to a justice of the peace and were married. Miss Mulhall was married under the name of Lucile

Vandiver, this being her real name. There will be another ceremony shortly. Miss Mulhall is a Catholic, and her husband has embraced this faith, and they will be married by a priest.

Miss Mulhall was reared on her father's ranch near Mulhall, Ok. She attended school at Wichita and also in St. Louis. She is 23 years old. Mr. Vanbergen is 24 years of age, and lived in Kansas City practically all of his life. Mr. Vanbergen has been a singer of considerable prominence for many years. He was first with the Burgomaster company, then with the Maid and the Mummy. Since 1904 he has been appearing in Vaudeville.

## HONEYMOON IS AT AN END

DAUGHTER OF LATE SENATOR  
GORMAN WEDS A NAVAL  
DESERTER.

TO PHILADELPHIA, PA., FOR TRI

Eighteen \$1,000 Government Bonds  
and \$6,000 in Cash Found When  
Groom Is Searched—What  
Brother-in-Law Says.

Louisville, Ky., Oct. 22.—Joseph Magnus, who was arrested here yesterday as a deserter from the United States navy, is the husband of Miss Ada Gorman, second daughter of the late United States Senator Arthur Pue Gorman, of Maryland. Magnus admitted that he is a deserter. He asserted that he married Senator Gorman's daughter in Louisville September 5.

When searched it was found that Magnus had eighteen \$1,000 government bonds and about \$6,000 in cash in his possession. Mrs. Magnus was at the Seelbach, where her husband was arrested, last night, but could not be found today.

Magnus, who enlisted under the name of Hartlove, was a first-class musician in the navy and on board the United States ship Dolphin. On September 13, it is stated, there appeared in the Washington Herald an account of the rumored marriage of Miss Ada Gorman to J. C. Hartlove at Louisville, Ky., and this, it is stated, was used by Lieutenant Commander Washington, of the Dolphin, to learn the whereabouts of Magnus.

The money and bonds found on Magnus will be turned over to his wife, and Magnus will be returned to the navy department. The charge of desertion against him was dismissed in police court yesterday. Chief of Police Haeger, who has had personal charge of the case, says Magnus and his wife were in Louisville but two days. Magnus formerly lived in Baltimore.

Miss Gorman and Magnus were married on September 5 by Rev. Dr. M. R. Bryney. The record shows that Magnus took out the license under his real name.

Brother Admits the Marriage.  
Baltimore, Md., Oct. 22.—State Senator Arthur Pue Gorman yesterday stated that Miss Ada Gorman was his eldest sister and that she had married a man named Magnus some time ago in Washington. "The money and bonds Magnus or Hartlove is reported to have had on his person when arrested, Senator Gorman said, he supposed belonged to his sister. The senator would make no further statement.

Will Be Tried for Desertion.  
Washington, Oct. 22.—The navy department has been notified of the apprehension of Charles Joseph Hartlove, a deserter from the navy, at Louisville, Ky. Hartlove enlisted January 2, 1907, and deserted from the United States steamship Dolphin, June 27 last. The department has ordered that he be transferred to Philadelphia upon the completion of his identification. He will there be tried on the charge of desertion.

### BAPTISTS TO CONVERT 1,000

Missouri Evangelists Outline Plans for Next Year.

Moberly, Mo., Oct. 22.—There were two overflow meetings last night of the State Baptist association, in session here.

The Rev. J. T. Williams, pastor at Clinton, preached at the Presbyterian church; the Rev. Rev. J. E. Hampton, of St. Joseph, at the Central Christian church.

The state evangelists yesterday morning held a meeting, at which plans were laid for evangelistic work next year. They propose to convert at least 1,000 persons.

The boards of home and foreign missions reported that they had raised \$50,711.04 last year.

The laymen were addressed yesterday by Lyman Henderson, of Tennessee, and D. H. Harris, of Fulton. Re-

ports of officers of the association show that the Baptist churches of Missouri are in splendid condition. The association adjourned at noon today.

### TEACHES EMPTY SEATS

THERE IS A SCHOOL IN TREGO COUNTY, KAS., THAT HAS NO PUPILS.

ALL MOVED OUT OF THE DISTRICT

Teacher Fulfills Her Part of Contract By Going to the School House Every Day—District Must Pay Her.

Topeka, Oct. 22.—There is a teacher put in Trego county that goes through all of the routine of teaching, but has no pupils.

In July this teacher signed a contract with the school board to teach the school for five months for \$40 a month. At that time there were about fifteen children to attend school.

The school began October 5, but when the teacher went to the building not a child came. In the three months from the time she signed the contract every child had moved from the district, or the parents had arranged to send them to city schools.

Ever since the teacher has been going to school each morning. At 7 o'clock she rings the bells, but no children romp into the room. At noon school is dismissed. In the afternoon the same formality is carried out, but no children appear. In the meantime the teacher has all the time for reading and studying. The school board is required to furnish heat and janitor service for the building.

The school board has asked if there wasn't a way to close the school and stop the payment of this money, for the teacher and for coal and janitor service, but E. T. Fairchild, state superintendent, has ruled there is no way except by a compromise with the teacher.

The young woman has an ironclad contract to teach the school. By going to the building every day she performs her part and shows that she is willing to teach. That there are no children to teach is not her fault and she draws pay just the same.

For light bread—Gold Coin Flour.

### EFFECTIVE TAILORING

A different suit for every man. Every garment that leaves my shop is different as the lines of each figure differ from all others. It has to be so to fit the wearer.

Does it seem plausible that any man can be fitted perfectly from a stack of 38's or 40's, made to fit a wooden model?

This is the ideal time for ordering—\$25.00 to \$50.00.

### AMUSEMENTS

#### WOOD'S OPERA HOUSE.

"The Daughter of the Enemy," which was presented at Wood's opera house last night by the National Stock company, was one of the best plays presented by any repertoire company this season.

The popularity of the National Stock company is growing rapidly, and it should be given good patronage during its stay in Sedalia. The specialties with the company are far above the average with most repertoire companies.

Tonight the company will present "A Woman's Vengeance." Matinee Saturday, when the prices will be 10 cents for everybody to all parts of the house.

## INDIANA BATTLE GROUND

Taft is Now Among the Hoosiers and Will Remain a Week.

Milan, Ind., Oct. 22.—Indiana is to be the battleground in which Taft will push his campaign for the remainder of the week. His itinerary calls for fifty speeches and will take the candidate through the state from south to north.

With his voice restored by a day of rest, Taft had this to say of Bryan as the first stop this morning:

"Mr. Bryan is a bit sensitive because the republicans are prophesying that if he is elected it will retard business and that if the republican ticket is elected it will improve business. He says that is offering bribery to the workmen."

"But it is not. It is merely stating facts, and it is a fact that the working men ought to know, as well as the business men. Bryan's election would be a menace to the prosperity of the nation."

## DON'T CONTROL CROPS

Mr. Bryan Disputes Republican Claim as to Farmers' Prosperity.

Ravenwood, W. Va., Oct. 22.—Although he did not retire until 2 o'clock this morning, Mr. Bryan was up at sunrise, and shortly afterward addressed a crowd here.

Most of his auditors were farmers, and the candidate proceeded to puncture the republican contention, which he said was that the farmer owed his prosperity to the republican party.

"I can prove to you," he said, "that the republican party has nothing whatever to do with the fertility of the soil, or sunshine, or rain. If it did, then there would be a trust in sunshine, and a meter on the sun. The fact that these things are not monopolies is conclusive proof that the republican leaders have no control over them."

## A SIMPLE WAY TO TELL

HOW TO FIND OUT IF THE KIDNEYS ARE INACTIVE AND WHAT TO DO.

## BEWARE OF THE BACKACHE

Also Highly Recommended Prescription of Vegetable Ingredients Which Anyone Can Prepare at Home.

There are more cases of kidney trouble here now than ever before, while recent reports show that more people succumb each year to some form of kidney disease than any other cause.

When there is a sickness, examine the urine. Rheumatism is only a symptom of kidney trouble. It is nothing more or less than excessive uric acid in the blood, which the sluggish, inactive kidneys have failed to sift out, leaving it to decompose and settle about the joints and muscles, causing intense suffering; frequently resulting in deformity; often reaching the heart, when death ensues.

Pains across the back, frequent painful and suppressed urination and other symptoms of weak bladder are not the only signs of kidney trouble; many cases of stomach disease, headache, pain in the heart, inactive liver, etc., are but symptoms; the cause of which can be traced to feeble, clogged kidneys.

A simple test of the urine is to void a small quantity in a bottle or glass and let it stand over night; next morning, if there is a reddish brick-dust sediment, or white fleecy substance present, either consult some reputable physician or take a good vegetable treatment. The following prescription is recommended highly in these cases, and the sufferer can mix it at home: Compound Kargon, one ounce; Pine Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well and use in teaspoonful doses after each meal and at bedtime.

Where any of the symptoms enumerated above are present, good results are sure to follow immediately the use of this simple prescription.

Washington, Oct. 22.—The report that President Roosevelt will become an associate editor of the Outlook after his return to this country from South Africa received further confirmation from the visit paid the president by Elbert Francis Baldwin, the managing editor of the magazine.

He refused to discuss the object of his visit, but it is understood he desired to make the president understand that the report of his contract with the Outlook did not leak out from any of the magazine sources. It is also understood that the president will receive a salary of \$30,000 a year when he takes up his work as associate editor of the Outlook in 1910.

## NOMINEE IS INDICTED

Candidate for Prosecuting Attorney Charged With Fraud.

Jefferson City, Mo., Oct. 22.—Robert W. Terrell, democratic nominee for prosecuting attorney of Maries county, with every prospect of election, was indicted here yesterday by the federal grand jury on the charge of violating the pension laws. The indictment alleges that he charged an aged woman a fee of \$500 for legal services in collecting a back pension claim of about \$1,400.

It is the understanding that Mr. Terrell will come here voluntarily today. His bond has been fixed at \$1,000, which it is said he can easily furnish. The case will not be tried until the next term of court.

Doctors Had Stopped Funeral, Believing She Was Alive.

Ellis, Kas., Oct. 22.—Hope was abandoned yesterday that Mrs. Thomas Chapman, whose funeral was stopped Tuesday by physicians, who doubted her demise, could be brought back to life. Doctors worked over her all Tuesday night, but yesterday discolorations appeared on the body which made it certain that life was extinct.

Friends had gathered for the funeral, and the body was in the coffin Tuesday when the doctors interferred.

### MARRIED HIS STEPSISTER

While Intoxicated and Now Refuses to Live With Her.

Wilkesbarre, Penn., Oct. 22.—Eighteen-year-old William Loss, of Hazleton, arrested for desertion and non-support, told a remarkable story to Judge Ferris in court here.

He says his wife is his stepsister by marriage; that she was a widow of 40 years, with six children living, the eldest 15, and two dead, and that he was induced to marry her while he was intoxicated.

He alleged that his father planned the marriage against his will; that he would never have married the woman had he known what he was doing, and that he has refused to live with

her, although his father gave him a home in which to keep her.

## TO IMPROVE OHIO RIVER

INFLUENTIAL CITIZENS OF SIX STATES ARE HOLDING A CONVENTION.

### 9-FOOT STAGE OF WATER WANTED

Never Before Has This Stream Been at So Low a Stage as During the Past Summer—Relief Is Badly Needed.

Louisville, Ky., Oct. 22.—Several hundred influential citizens of six states—Pennsylvania, West Virginia, Ohio, Kentucky, Indiana and Illinois—congregated today at the Seelbach for the annual convention of the Ohio Valley Improvement association.

The sessions will be occupied with discussions of the important problems connected with the securing of a nine-foot stage of the Ohio river from Pittsburg to Cairo, Ill. The gathering is the largest and most important in the fourteen years' history of the association.

Never before has the Ohio river been at so low a stage as it has this summer, or remained at a low stage for such a length of time, nor did the agitators of the slack water system have such a good argument in favor of the nine-foot stage to Cairo.

The Ohio river has been placed, by the direct agents of the congress of the United States, at the head of all rivers demanding improvement by the federal government.

The fact that the two dominant parties are committed to the work of improving the river makes it altogether likely that the next session of congress, no matter what the outcome of the election this fall, will see the passage of appropriations sufficient to carry out the plan of the Ohio river board of engineers, who have recommended improvements such as will effect a nine-foot stage all the year round.

### Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes—broadcasts and on each bottle—wrapper, what his medicines are made of and verifies it under seal. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Doctor Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

## Lung Diseases

Beware of those occasional pains in the chest, that tickling in the throat, that hacking cough, that fluttering of the heart, that shortness of breath, that hocking and spitting, that gradual loss of weight, that loss of appetite, that nervous weakness, that unusual brightness of the eyes at times.

ONE OR ALL of these symptoms are but timely warnings that the nucleus of that most dreaded of all diseases is invading the system, and if unchecked the inevitable result is only a matter of time.

**DO NOT DELAY.** Delays are dangerous. Come to us in time. The Dr. Camp's Medical Co.'s Famous

Treatment offers you the best results obtainable in modern medical science. It is the most scientific treatment ever devised for all diseases of the air passages. It is the most energetic method known for speedily eradicating the germs of disease from the system. 'Tis a great blood purifier and a re-builder of the tissues and as a part of our Modern Americanized European Method it is applicable in a wide range of diseases.

We give you relief the very first treatment and do it without leading your stomach with drugs. We Cure You by the only natural way—Direct Medication by our Wonderful Inhalatorium Cabinet.

## Lung Troubles

Need have no further terrors for you. You need not fear the oncoming of that most fatal of all diseases—the Great White Plague, Consumption—if you consult us in time. You can be cured more cheaply here than by a trip to the mountains. Do not think that because you have failed to get relief from the ordinary methods that we can not cure you.

We have the only Inhalatorium in this part of this state, and it has gained a wide reputation. Many come from a distance to avail themselves of this remarkable cure.

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

At 9:30 o'clock last night the Wabash foundry, situated about a quarter of a mile from the general shops of the Wabash railroad at Moberly, caught fire and is a total loss.

The building was a large frame structure. The loss will be about \$20,000.

Most of the patterns were kept in a separate building, but many were destroyed in the fire, together with valuable castings and general machinery of the plant.

## Will Ride the Goat.

"Coxey" Bradford and Fred Burke, brakemen on the M. K. & T., will ride the goat in Prairie Queen lodge No. 18, B. of R. T., at tonight's meeting of the brotherhood.

In anticipation of the ceremonies which Messrs. Bradford and Burke are to undergo, Harry Smith and "Fick" Pennisten, running mates of the candidates, are preparing to take charge of the young men's runs tomorrow.

## A Good Man Reinstated.

W. J. Thelan, formerly a popular switch engine foreman for the M. K. & T. in this city, who was dismissed from the service of the company for complicity in the alleged negligence which caused the Katy flyer to strike a string of freight cars in the southern part of the city some months ago, has been reinstated by the company, and a telegram was sent to him at Jefferson City today, announcing his reinstatement.

## Traffic is Delayed.

Trainmen from the south on the M. K. & T. report the Canadian river four feet higher than at any time known.

Rain for forty-eight continuous hours has been falling at points south of Parsons, delaying railroad traffic to a great extent.

## Hospital Arrivals.

Following are new arrivals at the M. K. & T. railway hospital:

C. C. Fitzgerald, bridgeman, Leroy, Kan.

W. T. Mathis, brakeman, Mokane, Mo.

Henry James, bridgeman, North McAlester, Okla.

**G. H. AYERS**  
The Man For the Place

What is the candidate asking you for? Is it your vote to help enforce the law and give all a square deal, or is it to get in position to draw a salary? When those who are supposed to go after law violators ask you for your vote, just ask him where he sees work that should be done. Where does he expect to start to WORK? Not draw his salary alone, but give the people something for their money. Ask him these things; he is asking you for your support, and you should know WHY he wants it.

Our man, Mr. Ayers, is not trying to be dry to the dry, and then wet to the wets. He lets us know just where he stands. How many OTHER candidates are doing this? Just name them. They are trying to trot in two classes, and that we drys are foolish enough to not notice it. If you want to vote for a MAN that is not afraid to SAY where he stands, Mr. Ayers is the only man that has come out and SAID it to more than ONE person at a time. Surely you admire this spirit. If you DO, VOTE for him, and if you believe in a man who is trying to be a DOUBLE man, don't. He does not want to PERSECUTE, but to give a square deal.

## THE DRY EXECUTIVE COM.

M. K. & T. is on the sick list, and 's bedfast at his home on East Fifth street.

Edward Doregan, a Missouri Pacific shops foreman, is ill with a strained right arm.

J. E. Wrightman, an M. K. & T. conductor, is home from a visit with Kansas City relatives.

C. D. Corum, of Boonville, attorney for the Missouri Pacific, was a business visitor here yesterday.

R. B. Hinkle, a Missouri Pacific brakeman, resumed work this morning after a six days' lay off.

Traveling Auditor Albert Rankin, of the M. K. & T. went to Boonville today on company business.

Roy Colclough, a Missouri Pacific machinist's apprentice, is ill with a laceration of the right hand.

M. M. McGuire, a Missouri Pacific brakeman, is off on account of a laceration over his left eye.

Lee Perry, a Missouri Pacific round house employe, is suffering from an infection of his left thumb.

Charles Boyle, a Missouri Pacific engineer, returned from Jefferson City on train No. 1 this afternoon.

S. K. Bullard, superintendent of telegraph for the M. K. & T., is in St. Louis on company business.

C. E. Avery, night watchman at the Missouri Pacific shops, returned this afternoon from Jefferson City.

Superintendent N. J. Finney and Roadmaster A. A. Prakes, of the M. K. & T., went to Boonville today on business.

Official car No. 99, in possession of

President A. H. Joline, of the M. K. & T., is undergoing repairs at the local shops.

E. A. Cooper, a Missouri Pacific track repairer, had a foreign substance removed from his right eye at the Katy hospital Wednesday.

Henry Lovelace, a Katy blacksmith, fell while at work yesterday and injured his hips to such an extent that he will be off from work for several days.

Missouri Pacific train No. 10 this morning carried a double header, engines Nos. 7504 and 6501, doing the work. Engineers Boyle and White were in the cabs of the locomotives.

Denny Sullivan, a former conductor on the Missouri Pacific out of Sedalia, but now running a passenger train out of Trinidad, Colo., on the Colorado and Southern railway, accompanied by his wife, arrived here today for a visit with his sister, Mrs. W. H. H. Myers.

One hundred business men of Marsh have petitioned the Missouri Pacific to give that town another passenger train, so that people living in the eastern portion of the county can visit the county seat in the morning, do their shopping, and return home the same evening.

## MISSED HIS "MEERSCHAUM"

Vest Witcher Has Been Smoking Judge Clark's Pipe.

Judge Clark, one of the "Four Court" justices, whose ire is seldom aroused, is on the warpath, and as a result is receiving the sympathy of Manlius Ayers and W. E. Poindexter, familiar landmarks in the Four Courts building.

Several days ago Vest Witcher, ex-deputy constable, ex-policeman and thoroughbred sleuth, visited the judge's office, and while the judge and spectators were engaged in casual conversation the ex-officer managed to get his hands on Judge Clark's famous Missouri meerschaum pipe.

Later he espied the judge's tobacco and unceremoniously converted the pipe and tobacco to his own use, puffing fumes in a manner laid out by Ayers and Poindexter.

The incident was unnoticed by the judge until Vest had almost concluded his dream, but at that late stage the justice was powerless to express his contempt, so wrought up was he to think that Vest would even attempt such a thing.

To cap the climax, Vest took his departure in a quiet way, carrying with him the judge's pipe, which to this day he has failed to return, although the court is undecided as to whether he wants the pipe returned or not.

## REV. C. T. BRADY'S TALK

He Tells Episcopal Preachers to Have More Children.

Chicago, Oct. 22.—The Rev. Dr. Cyrus Townsend Brady, of Trinity Episcopal church, Toledo, Ohio, and eminent as an author, surprised the assembled laymen, ministers and prelates of the Protestant Episcopal church Tuesday at the gathering of the missionary council in St. James church by declaring that Episcopal clergymen should set an example to their parishes by having more children in their families.

"One of the most serious problems of the church is the paucity of children among the communicants," said the Rev. Dr. Brady in the course of his address at the afternoon session of the council.

"It is upon the children that the future of the church depends. We must have more children, ecclesiastically speaking and in fact. We are not good examples to our people. The ministers of other Christian churches far surpass us in this respect. We must do better."

## EXTERNAL REMEDY FOR ECZEMA

Why Salves Fail While a Simple Liquid Has Accomplished Thousands of Cures.

It is now thoroughly established among the best medical authorities that eczema is purely a skin disease, due to a germ and curable only through the skin. It is not a blood disease at all; in fact, thousands of people suffer with skin diseases and are perfectly healthy otherwise, and therefore prove they have no diseased blood.

Smeary salves cannot reach the germs because they do not penetrate the skin. The only way to reach the germs is by means of a penetrating liquid.

Such a liquid can be obtained by simply mixing ordinary oil of wintergreen with thymol, glycerine and other healing agents. This compound, known as D. D. D. Prescription, stops the itch instantly—and the cures all appear to be permanent. In fact, it took thousands of cures, case after case, before the best scientific authorities were convinced of the absolute merit of this remedy. The effect of D. D. D. Prescription in ridding the itching eczema germs is seen within one minute after the first application. We especially recommend D. D. D. Soap in connection with this treatment.
